# 2015—2019 Statewide Transportation Improvement Program

This is your opportunity to comment on Montana's transportation projects

Construction project east of Lincoln

The Montana Department of Transportation (MDT) has released a draft of the 2015–2019 Statewide Transportation Improvement Program (STIP). MDT wants your comments and ideas on these projects.

The STIP is a list of projects planned for Montana for the next five federal fiscal years. It includes aeronautic, railway, highway, public transportation, and Federal Lands Highway Program projects.

The primary goal of the draft STIP is to solicit public comment on the proposed transportation program for Montana.

Each year, MDT receives many helpful comments and innovative ideas from the public on transportation-related issues. We carefully consider and respond to these comments and strive to incorporate them into the department's decision-making processes.

The public comment period for the 2015—2019 draft STIP runs through April 21, 2015. Please send MDT your comments prior to that date so we can consider them for the final document.

The list in this issue of *Newsline* includes projects that will be constructed during the time frame of this STIP. View MDT's entire proposed transportation program at: <a href="https://www.mdt.mt.gov/pubinvolve/active\_projects.shtml">www.mdt.mt.gov/pubinvolve/active\_projects.shtml</a>, or request a hard copy by writing to the MDT Project Analysis Bureau or by calling one of the numbers listed on the back page. Copies are also available at your public library.

We encourage the public to comment on this list now or anytime throughout the year as various transportation issues arise.

To locate the major construction projects listed in the draft STIP (those costing over \$100,000), please refer to the map in the center of this issue of *Newsline*.

#### **Commenting on Other Projects**

Throughout the year, MDT submits additional projects as amendments to the STIP for Transportation Commission approval. To view the list of highway projects MDT plans to present at the next Transportation Commission meeting, go to <a href="https://www.mdt.mt.gov/pubinvolve/docs/trans\_comm/proposed\_proj.pdf">www.mdt.mt.gov/pubinvolve/docs/trans\_comm/proposed\_proj.pdf</a>.

### MDT Seeks Safety Projects

AFETY is a priority and MDT is interested in local agency proposals for the Highway Safety Improvement Program (HSIP). HSIP funds can be utilized on any public road for projects such as signing, striping, guardrail installation, slope flattening, and intersection improvements.
